

Directions to the ENW offices, 112 Ohio Street, Suite 113 in the Ohio Street Workstudios.

Going North on I-5 (toward Canada), take Exit 254 (Iowa St./State St.) then turn left (west) onto Iowa at the stop light. At the second light, bear left onto State Street. At the next light, turn right onto Ohio.

Going South on I-5 (toward Seattle), take Exit 254 (Ohio St./State St.) The exit puts you on Ohio St. Continue on Ohio when it crosses State Street at the first light.

From the intersection of State and Ohio Street, continue west on Ohio for several blocks until the ball fields and parking lot of Bellingham High School are on your right. Our offices are across the street from the Bellingham High School parking lot in the **Ohio Street Workstudios**, a two story green building on the left side of the street when you are traveling West on Ohio.

If you are traveling from downtown and not from I-5, go north on Cornwall, then turn right on Ohio. If traveling from the north part of town, go south on Cornwall, then turn left on Ohio. From the intersection of Cornwall and Ohio, the **Ohio Street Workstudios** is the two story green building and the second building on your right.

We are on the first floor in Suite #113. Our telephone number is 360-715-0105.

Parking is at the back of the building. Please do not park in front, beside the Girl's school, in either alley along the sides of the Workstudios Building, or in the parking areas for Pacific Surveying. Additional parking for the Workstudios is available at the end of the alley against the creek (keep going past the Workstudios building and south in the alley toward downtown). When parking next to the creek, be sure to park in the lot to the left (east) that is within the chain link fence.
